Itemized Statement of Pre-Arrangement Services

General Price List

These prices are effective November 1, 2014
And subject to change without notice.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

This list does not include prices for certain items that you may ask us to pay for or buy for you, such as coroner fees, State fees, obituary notices and certified copies of death certificates. The prices for those items will be shown on your bill or on the statement describing the cremation goods and services you selected.

Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for in full or in part, by or on behalf of the decedent.
